20 YEARS

VIABLUE™

2021/2022

Tradition made in Germany. Since 2001.

For more than 20 years, VIABLUE™ stands for a first-class listening experience made in Germany. We guarantee maximum precision by using innovative technologies, state-of-the-art production methods and exclusive materials.

Since 2001, we excite with high-quality standards and outstanding functionality. Our handmade cables with silvered strands, patented full metal connector housings, the VIABLUE™ AIR technology and Ultragrip coating find praises worldwide.

It is the passion of our customers that drives us to constantly push limits and meet highest standards in functionality and design.

A big thank you to all of you. Thank you for your loyalty, your feedback and ideas regarding VIABLUE™ products. For your photos, videos and social media posts. We are looking much forward to the years to come.

Power cable X-25 Silver

Max power, 100% interference free

X-Series power cable

- 2 shieldings
- 3 strands
- Silver plated OFC conductors
- Ferrite filters and diameter decreasers
- T6s Power plugs, flame-retardant
- Ultragrip coating
- 24 carat real gold-plated contacts
- Double-screwed strain relief
- Insulation resistance >20 MOhm x km

X-25 Silver AC power cable

Conductor 3x 2.5 mm²

X-40 Silver AC power cable

Conductor 3x 4.0 mm²

X-60 Silver AC power cable

Conductor 3x 6.0 mm²

T6s power connector series

Contacts for professionals

VIABLUE™ T6s power plugs

- 24 carat real gold-plated contacts

- Scratch-resistant Ultragrip coating

- Flame-retardant, break-proof

- Flexible cable input Ø 6 - 16 mm

- Soft-discs for a dust-free assembly

- Diameter decreasers

- Solid strain relief

- Double screw connections

SC-4 single-wire

Precise, expressive, dynamic

SC-4 Silver Speaker cable

Silver-plated OFC copper strands

• for a clear and complete treble

Tin-plated OFC copper strands

• for powerful reproduction of the bass range

True to the original transmission of all frequency ranges

• 896 individual strands / 4 wires with 224 strands each

• T6s plug with 24 carat gold-plated contacts

• SC-Splitter with full metal housing, Ø 20 mm

• Outer Ø including Cobra braided hose: 12.5 mm

Various lengths up to 15 m

UPBracing Team
sponsored by VIABLUE™

Innovative engineering and design: Formula Student

Every year, students from more than 500 universities from several countries participate in the Formula Student competition. Their goal is to develop a race car that will prove itself on international race tracks. The students score not only by good results in the races themselves but for innovative engineering, design and cost efficiency.

VIABLUE™ is very happy to support the UPBracing Team of the University Paderborn with our cables and as a silver sponsor.

Cable sleeves made in Germany

Cable protection sheaths

- Support against wear and attrition

- Protection against kinking and UV light

- Opaque due to a fine-mesh structure

- Design-upgrade and professional labeling,
  as well as bundling of cables

3 sizes

- Small for cable Ø 2 to 6 mm

- Medium for cable Ø 5 to 13 mm

- Big for cable Ø 13 to 26 mm

3 sizes | 9 designs

Ferrite filter 9 on
NF-B subwoofer cable

VIABLUE™ Splitters and Ferrite Filters

Splitters / Filters
different types

VIABLUE™ Splitters are made of a black, satin-matt, full metal aluminum housing. They provide an intelligent and precise cable routing and thus prevent cable strands from damages.

VIABLUE™ Ferrite Filters suppress the amount of high frequency electromagnetic interference (EMI) noise found in electronic circuits. They include a Ferrite core, which is centered in a full metal housing made of black, satin-matt aluminum.
